

## Testimonial Guide

Thank you for volunteering to offer your testimonial.

MiniWorkshopSeries is about delivering life transforming workshops for organizations and their employees. Your testimonials will facilitate and help organizations to look into giving their staff not only technical trainings, but most importantly 'self mastery' and soft-skills workshops to foster an even more holistic, happier, heartfelt and loyal workforce and culture.

Many of our clients have suggested that we facilitate them in putting their experience in words, and how they would like to express their experience. So, from the many requests we had, we have prepared a simple idea sheet for you. Of course if you already have an idea what you would like to express – that would be great too!

For Video Testimonials: We have prepared some ideas on the how-to.
